Next Week's Happenings...

Week of January 22nd:

(Please visit the Assessments Calendar tab on my class website as changes may occur)

Tuesday, 1/23:

Geometry
(Chapter 7 Test)
7th Grade
(Chapter 8 Test)

Wednesday, 1/24:

7th Grade
(Chapter 8 Test cont'd)

Thursday, 1/25:

Algebra 1
(Systems of Equations Quiz)
7th Grade
(Word Wall Vocabulary Quiz)
6th Grade
(4.1-4.4 Quiz)

****Friday, January 26th is the last day of Marking Period 2****

This week in Homeroom: In homeroom, the 6th grade students are writing letters back to their Pen Pals! They initially wrote letters back in October and heard back right before Winter Break. The students are eager to write their letters and are hoping to meet their Pen Pals at the end of the school year!

This week in Algebra 1: The students began solving systems of equations with a hands-on, inquiry-based problem. The students were given fake coins and asked to solve a problem. Upon completion, the students discussed how to solve the problem algebraically by writing equations and later graphing the equations on the same coordinate plane. The students were introduced to the three methods of solving systems of equations with the use of a song that teachers and their students from a high school put together. The link, <https://www.youtube.com/watch?v=1qHTmxlaZWQ>, will bring you to the song that the Algebra 1 students truly enjoyed listening to in class. Keep up the great work Algebra!
