Week of October 8th:

(Please visit the Assessments Calendar tab on my class website as well as your student's Google Calendar as changes may occur)

Thursday, 10/11/18:

6th Grade Math

(Topic 1 Test)

8th Grade Math

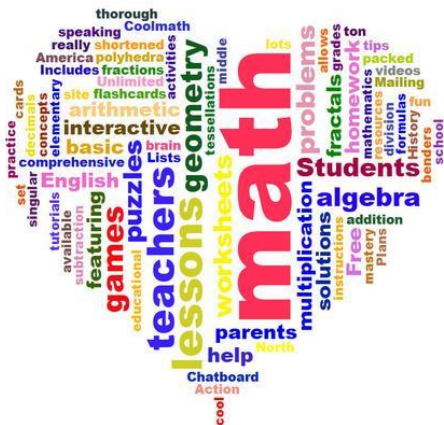

(Topic 1 Test)

Friday, 10/12/18:

7th Grade Math

(Quiz)

**There is no school for students on
Monday, October 8th!**

This week in 8th grade math the students participated in a friendly competition to review their understanding of Scientific Notation. The students worked in groups, answered questions, and demonstrated their knowledge of the concept through the use of individual whiteboards. The students will test their knowledge next week on their first major assessment of the year. Great job 8th grade, keep up the great work!

This week in 7th grade math the students reviewed and revisited their knowledge of the Real Number System. They discussed the different types of numbers and how they would specifically be classified. The students then participated in a whole class activity. A group of students picked numbers and the other group of students had to identify the type of number. Great job 7th grade, keep working hard!
