

## Ms. LaCugna's Newsletter

Week of March 26th:

(Please visit the Assessments Calendar tab on my class website as changes may occur)

> Monday, 3/26: Geometry (Chapters 9&10 Test)

**Tuesday, 3/27:** Algebra 1 (Solving Quadratics Take Home Quiz)

\*\*Have a relaxing break and a wonderful holiday!\*\*

\*\*See you in April!\*\*

**This week in Homeroom:** The 6<sup>th</sup> grade students in homeroom have been doing a great job during Kindness Month. The students wrote letters to staff members, discussed something kind that they did during the snow days, and are recognizing that kindness comes from wanting to do or say something. The students are also excited because they heard back from their pen pals! They will continue to write back next week. Great job 6<sup>th</sup> grade, keep showing kindness!

## This week in 7<sup>th</sup> Grade Math:

The students reviewed their prior knowledge of solving 1-step equations. The students reviewed the goal and purpose of solving equations, inverse operations, and what it means to isolate the variable. This will lead into the main focus for next week's lessons which is based on writing and solving two-step equations. Great job 7<sup>th</sup> grade, and do not forget to continuously practice your skills.
