Welcome Back!

I hope that you had a wonderful, relaxing summer and are now ready for an awesome school year! This year in math, all students will be focusing on the content for their specific grade level while continuing to develop their skills of note-taking, studying, working collaboratively with their classmates, and discovering new concepts. We will begin math instruction on Wednesday of next week. In addition, Back to School Night is scheduled for Tuesday, September 10th. While I am eager to see and meet you all on that day, please do not hesitate to email or call me at any time for any reason. I am so excited for this school year, and I hope that you all are too! Have an excellent weekend, and see you next week for our first full week of school!
