Welcome Back!

I hope that you had a wonderful, relaxing summer and are now ready for an awesome school year! This year in math, all students will be focusing on the content for their specific grade level while learning how to note-take, study, work collaboratively with their classmates, and discover new concepts. As you can see, next Monday and Tuesday all students will be MAP testing. We will begin math instruction on Tuesday or Wednesday depending on the double period schedule. In addition, Back to School Night is scheduled for Thursday, September 20th. While I am eager for that day, please do not hesitate to email or call me at any time for any reason. I am so excited for this school year, and I hope that you all are too! Have an excellent weekend, and see you next week for our first, full week of school!
