

MRS. DOUGHERTY'S SCIENCE NEWSLETTER

Announcements: Week of September 9th

- 8th graders - Please make sure to bring in completed Handbook Acknowledgment and Health History Questionnaire Forms
- Back to School Night – Lovely to meet so many parents! Thank you for coming out Tuesday night!

Class Info:

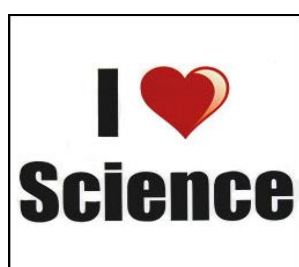

5th – 8th grade science classes are in full swing this week! We have been reviewing classroom expectations, filling out our syllabus with important course information, and setting up our interactive notebooks and google classrooms!

Students in 6-8th were introduced to the data analysis and writing strategy we call CER, which stands for Claim, Evidence, and Reasoning when asked to interpret a data chart.

All classes will be moving in to Lab Safety and will be required to pass a brief assessment before they will be permitted to participate in hands on activities and labs!

Have a great weekend 😊

Mrs. Dougherty
