### ELA Grades 6-8...

Middle School English Language Arts Curriculum is aligned to the New Jersey Student Learning Standards for English Language Arts. We use the workshop model of instruction in both reading and writing. Students read and write across a wide variety of genres as well as study the effective uses of writing, mechanics, and grammar. The curriculum supports, encourages, and facilitates choice/independent reading that allows students to pursue topics and genres of interests. The curriculum also embeds text activities and literacy experiences that engage students in reading partnerships and deep, thoughtful discussions.
