Students are not eligible to attend school as “affidavit” students unless the student’s parent or guardian is not capable of supporting or providing care for the student due to family or economic hardship, and unless it is clear that the student is not living in the district solely for purposes of receiving a public education there. Please explain the circumstances applicable in this case, with special attention to the parent/guardian’s family and/or economic hardship (The parent/guardian will be required to file a sworn statement with documentation to support the claims made.)

***Please note:*** A student will not be considered ineligible because required sworn statements(s) cannot be obtained, so long as evidence is presented that the underlying requirements of the law are being met.

*A student will not be considered ineligible when evidence is presented that the student has no home or possibility of school attendance other than with a non-parent district resident who is acting as the sole caretaker and supporter of the student.*

*A student will not be considered ineligible solely because a parent or guardian provides gifts or limited contributions, financial or otherwise, toward the welfare of the student, provided that the resident keeping the student receives no payment or other remuneration from the parent or guardian for the student’s actual housing and support. Receipt by the resident of social security or other similar benefits on behalf of the student do not render a student ineligible.*

*It is not necessary that guardianship or custody be obtained before a student will be considered for enrollment on an “affidavit” basis.*
