The interface features a purple header bar. Below it is a white panel with an orange border. At the top of this panel are four orange buttons: 'Edit', 'Check', 'Reset', and 'Solve'. On the far right is a circular orange button with a white question mark. The main area is a table with two columns: 'Prefix' and 'Description'. The 'Prefix' column contains eight empty rounded rectangular input boxes. The 'Description' column contains eight text labels. To the right of each description is an orange button containing a prefix. The pairs are: 'lower than, under' with 'il-', 'not, without' with 'un-', 'cause' with 'dis', 'do the opposite' with 'en-', 'not, without' with 'co-', 'together' with 'sub-', 'again or back' with 're-', and 'not' with 'in'.
